

Support Programs for Patients Prescribed Janssen Medicines

Dear NORM,

In light of the economic challenges of COVID-19, we would like to remind you about access and affordability information for patients prescribed Janssen medicines, including patients who have lost their health insurance.

We want this information to be useful for your members who might be starting Janssen medicines or continuing therapy in the current environment.

As a reminder, [Janssen CarePath](#) continues to offer programs supporting patients with different needs:

- For eligible commercially insured patients starting or continuing on certain Janssen medicines, programs that help patients lower their out-of-pocket costs
- For patients who have lost their jobs and insurance coverage, [Janssen CarePath](#) can provide a referral to independent foundations that offer free medicines
- For new patients starting on most Janssen medicines, free trial product programs

As always, Janssen CarePath Care Coordinators can answer questions about insurance and out-of-pocket costs, as well as **help locate sites of care for certain medicines.**

[Janssen CarePath](#) remains **fully prepared to meet additional patient needs** brought on by the current economic situation and is the **first place patients should go to learn about their options for support.**

To learn more, your members can visit [JanssenCarePath.com](https://www.JanssenCarePath.com), or you may provide them with the phone number listed next to their medicine at [JanssenCarePath.com/patient/contact-us](https://www.JanssenCarePath.com/patient/contact-us).

If at any time you have questions, including the use of your email in this regard and our [Privacy Policy](#), or if you'd prefer not to receive email messages from me, please don't hesitate to contact me.

Sincerely,

KARL LOBO
